

Take Me Home

Prosecutor Sherri Bevan Walsh and Sheriff Drew Alexander announcing the Take Me Home Program

Sheriff Drew Alexander and **Prosecutor Sherri Bevan Walsh** are pleased to partner on a Summit County initiative to better support those with disabilities who may need extra help communicating in an emergency situation.

The **Take Me Home** program allows for the rapid identification and safe return of citizens who are unable to adequately communicate vital information about themselves to law enforcement officers. Those who are registered in this program are placed in a database that officers can access via radio and sometimes laptops in their cruisers.

ENROLLMENT IS EASY

The **Take Me Home** program is a database maintained by the Sheriff and Prosecutor's Office and is only accessible to law enforcement personnel. The system includes a picture, disability, description, and contacts. If a person in the **Take Me Home** program is encountered alone by a police officer, the officer can access the **Take Me Home** database by name or by the person's description to locate their enrollment record. With the information at hand, the officer can appropriately assist the person.

STEP 1

Enroll your loved one in the **Take Me Home** system by filling out a registration form and having their photo taken by a law enforcement official. For registration information, go to:

www.co.summit.oh.us/Prosecutor

www.co.summit.oh.us/Sheriff

Look for the **Take Me Home** logo.

STEP 2

If your loved one is found alone by law enforcement and needs help, police will search the **Take Me Home** database.

CALL 9-1-1

If you find your loved one missing, it is never too soon to call 9-1-1, especially if they are disabled. The first hour is critical in finding a lost child. Be sure to inform the police that the individual is registered in the **Take Me Home** database.

STEP 3

With a match, caregivers will be contacted immediately to let them know their loved one has been found.

Take Me Home Partners

We would like to thank and acknowledge the Pensacola (FL) Police Department for developing this software and sharing it — free of charge — with the citizens of Summit County.

Thank you to all of our partners:

Greater Akron Chapter of the Autism Society of America
